

Goal 2:

- A. Teaching, Learning, and Working with Technology
- Supporting Teachers and Students during Remote Learning Days – there is a staff check-in form that goes out weekly to see if any of our staff needs assistance of any kind. There is also a family check-in that goes out from the principal to families to check on their overall wellbeing.
  - Google Meet – Students are meeting/touching base with their teachers in a variety of ways including Google Meets, Canvas, Remind etc. Staff share with Administration any concerns about students who are not attending regularly or not handing in work. Administration is working with those families to ensure that work is being done. At the present time more focus is on the social and emotional well being of our students and families.
